

Bruce Johnson is the engineer member of the Air Pollution Control Hearing Board. He was first selected to serve on the Health District's Air Quality Board in February 2001. He is a consulting engineer in the fields of water, wastewater and water resources engineering. Many of his projects have been involved with air quality, odor control and air permitting issues. In addition to professional registration in Nevada, he is a Professional Engineer in Massachusetts, Kentucky, and Idaho. His degrees include a BES in Chemical Engineering from Brigham Young University, and MS and PhD degrees in Civil and Environmental Engineering from Utah State University. His term expires July 24, 2010.
